

## Home Fire Safety Checklist

**A residential fire happens every half hour in Ohio. How safe is your home from fire? To determine the safety of your home from fire hazards, study these questions with your family. Every “yes” answer indicates a positive fire safety situation. However, every “no” answer points to a fire hazard that needs to be corrected.**

<b>Heating and Cooking Hazards</b>	YES	NO	<b>Heating and Cooking Hazards</b> <i>(continued)</i>	YES	NO
If you use oil heat or gas heat, is the equipment listed by the proper laboratories, such as UL or the American Gas Association?	<input type="checkbox"/>	<input type="checkbox"/>	Is your inside basement door at the head of the stairs properly fitted and kept closed at night?	<input type="checkbox"/>	<input type="checkbox"/>
Before the heating season begins, do you have your heating system inspected and serviced?	<input type="checkbox"/>	<input type="checkbox"/>	Has everyone in the family been warned never to use any flammable liquids to start a fire in the stove, fireplace or furnace?	<input type="checkbox"/>	<input type="checkbox"/>
If you have a wood burning stove, has it been installed properly according to the manufacturer’s instructions?	<input type="checkbox"/>	<input type="checkbox"/>	Is every fireplace equipped with a sturdy metal fire screen?	<input type="checkbox"/>	<input type="checkbox"/>

Are all vent connectors and flue pipes that pass through attics, floors, ceilings and walls properly installed?	<input type="checkbox"/>	<input type="checkbox"/>	Do you keep matches and lighters away from sources of heat?	<input type="checkbox"/>	<input type="checkbox"/>
Do you clean your chimney at least once a year? (More often if it is used regularly)	<input type="checkbox"/>	<input type="checkbox"/>	Do you make sure matches and smoking materials are out before disposing of them?	<input type="checkbox"/>	<input type="checkbox"/>
Is your kitchen stove, including the oven and the broiler, kept clean of grease?	<input type="checkbox"/>	<input type="checkbox"/>	Do you have plenty of large, noncombustible ash trays in every room?	<input type="checkbox"/>	<input type="checkbox"/>
Do all portable heaters in your home bear the label of Underwriters Laboratories (UL) or another recognized safety testing agency?	<input type="checkbox"/>	<input type="checkbox"/>	Is “No Smoking in Bed” a rule in your home?	<input type="checkbox"/>	<input type="checkbox"/>
When you use a portable heater, is it placed well away from any and all combustible materials?	<input type="checkbox"/>	<input type="checkbox"/>	Do you discard your smoking materials in ash trays outside to avoid mulch fires?	<input type="checkbox"/>	<input type="checkbox"/>
Do you always turn off the portable heater when you go to bed?	<input type="checkbox"/>	<input type="checkbox"/>	Do you extinguish candles when you leave the area?	<input type="checkbox"/>	<input type="checkbox"/>
Do you always refill the fuel tank of your kerosene heater outdoors?	<input type="checkbox"/>	<input type="checkbox"/>	Do you set candles only on noncombustible surfaces?	<input type="checkbox"/>	<input type="checkbox"/>
Portable kerosene heaters use up oxygen when they burn, do you always have adequate ventilation?	<input type="checkbox"/>	<input type="checkbox"/>	Do you leave plenty of space around burning candles, well away from combustible materials?	<input type="checkbox"/>	<input type="checkbox"/>
Do you make sure that the fuel is not contaminated prior to using it in your kerosene heater?	<input type="checkbox"/>	<input type="checkbox"/>	Do you keep matches and lighters out of the reach of children?	<input type="checkbox"/>	<input type="checkbox"/>
When using kerosene heaters, do you have working carbon monoxide detectors outside of each sleeping area?	<input type="checkbox"/>	<input type="checkbox"/>	<b>Electrical Hazards</b>	YES	NO
			Do you have qualified electricians install or extend your wiring?	<input type="checkbox"/>	<input type="checkbox"/>
			When you buy electrical equipment and appliances, do you always look for the UL label of Underwriters Laboratories Inc.?	<input type="checkbox"/>	<input type="checkbox"/>

**Electrical Hazards** *(continued)*

Are there enough electrical outlets in every room to avoid the need for multiple attachment plugs and long extension cords?  YES  NO

Are there proper heat controls on your electric iron and all electrical appliances used for cooking?  YES  NO

Do you have adequate circuit breakers or fuses for the equipment used in your home?  YES  NO

Are all extension cords of the right size, in the open, not under rugs or through partitions or openings, and are they for temporary use only?  YES  NO

Is there adequate wiring in all rooms for electronics?  YES  NO

Are extension cords the correct size (wire gauge, electrical load, length)? They should be for portable equipment only.  YES  NO

Are areas in and around the building kept free from accumulated packing materials, paper and other combustible materials?  YES  NO

Are exits, stairways and hallways clutter-free at all times?  YES  NO

Are all spills of flammable or combustible liquids or hazardous materials cleaned up promptly?  YES  NO

**Housekeeping Hazard**

Do you keep your basement, closets and attic clear of rags, papers and other combustible materials?  YES  NO

When you store paint, varnish, and other items, do you keep the containers tightly closed?  YES  NO

Has everyone in your family been warned never to use gasoline or other flammable liquids to clean clothes, furnishings or floors?  YES  NO

Do you clean the lint filter after every use of the dryer?  YES  NO

Do you inspect and clear the inside of the dryer vent exhaust tubing at least twice a year?  YES  NO

Do you vacuum and dust your smoke alarms?  YES  NO

**Yard and Garage Hazards**

Do you keep your yard cleaned of leaves, debris and combustible rubbish?  YES  NO

When you keep gasoline for use in a power mower or outboard motor, is it stored in a strong, clearly labeled red gasoline safety-type can?  YES  NO

**Yard and Garage Hazards** *(continued)*

If your garage is attached to the house, is it separated by a closed, fire-retardant door?  YES  NO

**Smoke Alarms**

Do you have a smoke alarm installed on every level of your home and in sleeping areas?  YES  NO

Do you test your smoke alarm monthly to be certain it is always working?  YES  NO

Do you replace the batteries in the smoke alarms twice a year at the time change?  YES  NO

Have you replaced your smoke alarm when it is 10 years old or older?  YES  NO

**Especially for Parents**

Are you careful never to leave children alone in a room with a portable heater or wood stove?  YES  NO

Do you leave a responsible person with your children when you go out, even for a little while?  YES  NO

When you employ babysitters, do you instruct them carefully on what to do in case of a fire?  YES  NO

Do your children know their address?  YES  NO

**IMPORTANT:** A child learns by example as well as by instruction. Do you always demonstrate fire safe practices around your children?  YES  NO

**In Case of Fire**

Do you know the telephone number of your fire department or when and how to use 911?  YES  NO

Do you know how to report a fire?  YES  NO

Is there an extinguisher easily accessible in your kitchen and do you know how to use it?  YES  NO

Do you have a home escape plan with at least two ways out of every room?  YES  NO

Have you practiced your home escape plan by holding fire drills during the day and night?  YES  NO

Have you included caregivers in your home escape?  YES  NO

Do you have an agreed upon meeting place?  YES  NO
